

LONG LIFE CANDLE LAMPS

Super Service Candle lamps rated at 8,000 Hours

General Description

The 35mm **Super Service** Candle lamp is designed to last up to 8 times longer than a standard Candle lamp.

Candle lamps are used extensively by hotel groups and retailers as well as in many decorative applications, but the ordinary candle lamps are notoriously short lived. The **Greenstock Super Service** candle is rated at 8,000 Hours, 8 times the life of a standard lamp, thus greatly reducing maintenance costs, whilst maintaining the design effect.

Our long life is achieved by using the highest grade non sag tungsten, with multiple supports for filament protection.

We also use special chemical compounds inside the bulb to eliminate the impurities which cause filament failure.

Brass caps are used to prevent sticking when the lamps are in the light sockets for a very long time.

Available in:

Product Code	Watts	Finish	Cap	Hours
CA35-22-08-600	60	Clear	BC	8,000
CA35-22-08-602	60	Opal	BC	8,000
