

# LONG LIFE GLS LAMPS

## Super Service GLS lamps rated Up to 16,000 Hours

### General Description

The **Super Service** GLS lamp is designed to last up to 16 times longer than a standard GLS lamp. With standard GLS lamps lasting for ONLY approx. 1,000 hours constant maintenance is necessary.

With the **Super Service** GLS rated at 16,000 hours maintenance is greatly reduced, saving time and money together with all the problems associated with security and simple inconvenience.

Our long life is achieved by using the highest grade non sag tungsten, with multiple supports for filament protection.

We also use special chemical compounds inside the bulb to eliminate the impurities which cause filament failure.

Brass caps are used to prevent sticking when the lamps are in the light sockets for a very long time.

### Available

Product Code	Watts	Finish	Cap	Hours
GL60-22-10-900	100	Clear	BC	10,000
GL60-27-10-900	100	Clear	ES	10,000
