

LONG LIFE 125 mm GLOBE LAMPS

Super Service Globe lamps rated at 5,000 Hours

General Description

The 125mm **Super Service** Globe lamp is designed to last up to 5 times longer than a standard Globe lamp.

Globe lamps are used extensively by hotel groups and furniture manufacturers as well as in many decorative applications, but the ordinary Globes are notoriously short lived.

The **Greenstock Super Service** Globe is rated at 5,000 Hours, 5 times the life of a standard Globe, thus greatly reducing maintenance costs, whilst maintaining the design effect.

Our long life is achieved by using the highest grade non sag tungsten, with multiple supports for filament protection.

We also use special chemical compounds inside the bulb to eliminate the impurities which cause filament failure.

Brass caps are used to prevent sticking when the lamps are in the light sockets for a very long time.

Available

Product Code	Watts	Finish	Cap	Hours
GL79-27-05-250	25	Clear	ES	5,000
GL79-27-05-400	40	Clear	ES	5,000

All Globe lamps Boxed in Qty. 20

Benefits of long life bulbs

- Reduced maintenance time and cost.
- Vibration resistant filament.
- Good light output which can be dimmed.
- Environmentally friendly - less waste disposal.
- Good colour rendition.
