

# LONG LIFE GOLFBALL LAMPS

**The Greenstock Lamp Company**

## Super Service Golfball lamps rated at 8,000 Hours

### General Description

The 45 mm **Super Service** Golfball lamp is designed to last up to 8 times longer than a standard Golfball lamp.

45mm Golfball lamps are used primarily for their decorative effect, and as with the candle, standard Golfball lamps have a very short life, making maintenance a constant requirement. The **Greenstock Super Service** golfball is rated at 8,000 Hours, 8 times the life of a standard lamp, thus greatly reducing maintenance costs, whilst maintaining the design effect.

Our long life is achieved by using the highest grade non sag tungsten, with multiple supports for filament protection.

We also use special chemical compounds inside the bulb to eliminate the impurities which cause filament failure.

Brass caps are used to prevent sticking when the lamps are in the light sockets for a very long time.

### Available in:

Product Code	Watts	Finish	Cap	Hours
GB45-22-08-400	40	Clear	BC	8,000
GB45-15-08-400	40	Clear	SBC	8,000
