

LONG LIFE STRIP LAMPS

Super Service Strip Lamps rated at 5,000 Hours

General Description

These **Super Service** Strip Lamps have been designed with an average rated life of 5 times longer than a standard 1,000 hour Lamp.

Strip Lamps which are typically used for picture lights, under-shelf and cabinet lighting are extensively used by hotel groups, museums and stately homes, etc.

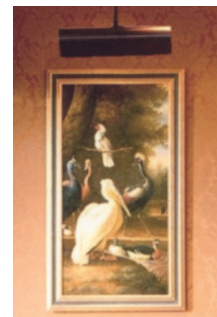

The standard 1,000 hour Strip Lamp which is used in many decorative applications is known to be notoriously short lived.

The Greenstock Super Service Strip Lamp is rated at 5,000 Hours, 5 times the life of a standard lamp, thus greatly reducing maintenance costs, whilst maintaining the design effect.

Our long life is achieved by using the highest grade non sag tungsten. We also use special chemical compounds inside the bulb to eliminate the impurities which cause filament failure.

Available in:

Product Code	Watts	Finish	Length	Cap	Hours
AR00-22-30-010	30	Clear	221 mm	S15S	5,000
AR00-28-30-010	30	Clear	284 mm	S15S	5,000
AR00-22-60-010	60	Clear	221 mm	S15S	5,000
AR00-28-60-010	60	Clear	284 mm	S15S	5,000

Benefits of long life bulbs

- Reduced maintenance time and cost.
- Good colour rendition.
- Good light output which can be dimmed.
- Environmentally friendly - less waste disposal.
